FOR IMMEDIATE RELEASE:

NBCMA SOLAR SYSTEM RIBBON CUTTING CEREMONY DRAWS “MOORE” ATTENTION TO THE BENEFITS OF A SOLAR PPA

July 11, 2013 - Moore Energy, a Southampton, PA based renewable energy design and installation firm, recently completed the installation of a 39,000 watt solar system at the Northampton, Bucks County Municipal Authority (NBCMA). The solar system was installed at no cost to the Authority through a Power Purchase Agreement (PPA), and will guarantee a 20% reduction in utility costs, benefiting both the Authority and the Northampton Township ratepayers.

Over fifty attendees watched as the solar system was officially turned on at yesterday's ribbon cutting ceremony. Those in attendance included: Daniel Lapato, Deputy Director for the PA Department of Environmental Protection; Thomas Zeuner, Executive Director of the Northampton Bucks County Municipal Authority; the Northampton Bucks County Municipal Authority Board of Directors; as well as representatives from the Northampton Board of Supervisors, Senator Tommy Tomlinson's and State Representative Scott Petri's offices.

Barry Moore, President of Moore Energy, commented “We are very proud of the solar system installed at the Authority. The system is guaranteed to produce over 1 million kWh over its guaranteed life of 25 years. This solar system is part of our country's overall objective of energy independence, using oil, natural gas, and renewable sources to provide energy for our future.”

About Moore Energy:

Moore Energy is a premier firm specializing in solar photovoltaic power systems for commercial and residential properties. We are the single source for our customers providing the design, cost/benefit analysis, installation, and system maintenance. Moore Energy is committed to providing our clients with the highest level of service. All of our systems are professionally installed and fully tested by our specially trained installers.
